

download unlimited magazines to your computer, tablet or mobile device with:

zinio & **OlathePublicLibrary**
your hometown library

What is Zinio? It's an online service provided by your library that allows you to download magazines for free. There are no limits, checkout periods, holds, or fines. Download the current issues you want to read and keep them as long as you'd like!

So how does it work? The process differs a little depending on which device you want to read on, but it generally works like this:

1. Visit www.olathelibrary.org/onlineresources/magazines and click on the **Zinio login/register logo**.
2. Click on "create new account" and enter your library card number, then create your library card account. This account verifies that you're an Olathe Public Library customer.
3. Choose a magazine you'd like to read.
4. Complete your checkout by creating a **Zinio** account. This account will connect the magazines you check out with your **Zinio** reader. **We strongly suggest that you use the same email and password here as you used in step 2.**
5. Download the **Zinio** app. It's available for Windows, Mac, iPhone, iPad, Android, Kindle Fire, Nook HD, and Blackberry Playbook.
6. Log in to your **Zinio** account in the reader app you just downloaded. Your magazines will appear in the reader.

Where can I go for more help or information? There's a **Zinio** user guide available on our downloadable magazines page (www.olathelibrary.org/onlineresources/magazines). You can also visit www.jocolibrary.org/emagazines for step-by-step instructions for your mobile device. And of course, you can give us a call at (913) 971-6850 and we'll be happy to help you.
